FOR CHILDREN

When it comes to the smaller members of the family, the most wonderful time of the year calls for something extra special. For the young and fashion conscious, there are party-ready outfits from the likes of Fendi, Dolce and Gabbana, Tutu Du Monde and Givenchy. Tech fanatics, meanwhile, will be more excited by the thought of a VR headset or Fitbit. Then again, can anything beat a classic cuddly toy? Ultimately, whatever this year's must-have toy may be, it's all about gifts that are given with love.
